

SEEDLINGS

- **A Look Back:** The Mission Committee worked hard last year. With people in Africa dying of thirst and contaminated water, we were able to bring this to the Session and significantly fund the Kenya Water project. At the same time we funded our high-priority domestic projects (Good Neighbor Fund, Food Pantry, Angel Tree, and several local projects). The 2011 Committee has asked the 2012 Committee to maintain this attention to detail. For a larger 2011 activity summary, see our annual report.
- **Thank-you Cards:** We received several thank-you notes:
 - A card was received from Towpath Manor for the Christmas fruit baskets (bananas, apples, oranges) we gave them.
 - A card was received, signed by all the residents, from the ARC residence for the cards and gift certificates we gave them.
 - A card was received for us and the Task Force for our donation to the Kenya Water Project
- **In perspective:** What we have done and will do is all in your name. We cannot be caring, nurturing, and Christ-centered without you being the same. The financial donations are important. But we need and thank you for your time, your participation, and your support in all the activities - Blood Drive, Crop Walk, Food Pantry, Clothing Cupboard, GUM dinners, Angel Tree, etc. We are well aware that our committee of 12 or so people cannot do all the required work. Thanks for your help in the past; we hope you will step forward again this year.
